

## Precise 100 XS

- **Compact and cost-effective fingerprint reader**
- **Simple and convenient computer and network access control**
- **Increased security and efficiency – no passwords or PINs to remember**
- **Ergonomic swipe sensor for ease-of-use**

The Precise 100 XS is a compact and cost-effective fingerprint reader for computer and network access control. Fingerprints replace passwords in user-friendly environment for quick and easy logon application. With the Precise 100 XS increased security is accompanied by time-savings and reduced administrative cost for forgotten PINs and passwords, using partner applications.\*

Designed to meet desktop and mobile requirements, the sleek Precise 100 XS provides security with a small footprint. One of the most economical and effective biometric devices on the market, the Precise 100 XS attracts a wide range of users. Ergonomic design of the Precise 100 XS makes the fingerprint swipe problem-free and usage successful.

The Precise 100 XS is compatible with Precise BioMatch™. All fingerprint information is stored and matched on a server or on a computer. Together with a stand-alone smart card reader or a reader built-into a computer, Precise 100 XS can also be used with the Precise Match-on-Card™ technology for a privacy-enhancing and strong authentication solution.

# Precise 100 XS

## PRODUCT FEATURES

- Compact and cost-effective fingerprint reader
- Simple and convenient computer and network access control
- Increased security and efficiency – no passwords or PINs to remember
- Reduced cost for password administration, using partner applications
- Ergonomic swipe sensor for easy use

## SPECIFICATIONS

### *General*

- Size: 60 x 47 x 13 mm / 2.4 x 1.9 x 0.5 inches (L x W x H)
- Weight: ~20g (0.71 ounce)
- Operating temperature range: 0 to 50° C / 32 to 120° F
- USB 1.1/2.0 (full-speed) compliant
- FCC (Part 15 Class B) certified
- CE certified
- ISO 9000/1 and ISO 14001 production certified
- Supports Windows XP, Windows 2000 and Windows Vista (Q1, 2008)
- RoHS compliant

### *Biometric Reader*

- Silicon fingerprint sensor - AuthenTec AES2501, 500 dpi image resolution
- Sensor array is 192 Column x 8 Row
- Acquisition rate is more than 3,700 frames per second

## APPLICATIONS

Compliant with applications based on Precise BioMatch™ Standard, Precise BioMatch™ Pro, and AuthenTec Approved Client applications such as Softex - Omnipass, ABIG - Fingerprint Application Suite, FineArt, BioScript - VeriSoft Access Manager.
